

07-12-1985-p. 3

are they going to ask me to move out? Do they want to sell me the building? On so demands. I will know tomorrow. When I will return to West Clifford to see the Pastor.

I returned to Elkdale and had a sumptuous breakfast: pancakes with yogurt and strawberry conserve on them. (SRP made)
(HAB/DUP/SRP made).

Delicious. Like a fabulous dessert, only very nutritious and rational, as it were. Such pleasure it gives me to grow/preserve/make my own food. Just one more way for SRP to thumb his nose at le monde, and carry on in his own pioneer manner.

Mid afternoon, drove to the Gey Course, and then into town, where I did some BBC banking and made an inquiry at the Liberty Bank about a couple more safe deposit boxes. Since it was around 5 PM, I decided I would not detain the vault attendant with my new box request - He will "reserve" two for me & I will fill out the papers on Monday.

6:30 PM - SRP & DUP drive to Seelyville & see Alice & Norman & we plan this Year's Clinton Center Pioneer Day & also the Grierson Reunion. Our three-hour visit was very nice, even though there is no air in their house. The basic outline is this: morning church service, beginning at 10 AM, instead of a sermon by Rev. Anderson (of whom we all made fun, as being the worst minister

07-12-1985, p. 4

(we have ever heard) we will have a 1/2 hour "historical program" in the church service; the service may be longer than one hour but not longer than 90 minutes in total; Covered dish dinner in church basement at noon; Grierson Reunion business meeting at 1 P.M. (downstairs in the church). Alice & Norman will supply the meat - as they say - which, "by popular request from the congregation" will be ham, once again. Fine. SRP will handle the publicity - Norman gave me a check for \$25.00 (his check #185, dated 7-12-85) to help out with the publicity expenses, which was very generous of Norman. DUP will be the Master of Ceremonies and SRP will "speak on" the following topics: "Pioneer Values"; Alice will speak on the tanning of leather & the leather industry in Wayne County. We will possibly have a guest pianist by the name of Snyder from Starrucca (an acquaintance of Alice's). We had tea & bran muffins in the kitchen with Alice & Norman - very pleasant. They had a good time and we had a good time. We will return next Friday night ^{after 19th} and put in final form the plans for the program on August 18th (Pioneer Day / Reunion Day). I wonder if Holly will be in town next week - end for the Seelyville trip?
